

Doris Hanna, RN, CPNP, ScD joined NICHQ in 2005. She is currently the Vice President of Programs and the lead executive on the project Spread of Quality Improvement for Children and Youth with Special Health Care Needs: An Integrated Systems Strategy for Building the Title V Infrastructure. Doris was the Director for “Improving Follow-up to Newborn Hearing Screening by Working through the Medical Home” and “Project Access: Improving Care for Children with Epilepsy. Doris also serves as the project executive on the Childhood Obesity Action Network and coordinates the activities for NICHQ in the Pediatric Affinity Group for the 5 Million Lives Campaign of the IHI. Before joining NICHQ, Doris was a Director with the Massachusetts Coalition for the Prevention of Medical Errors leading the project on Communicating Critical Test Results and collaborating on the Reconciling Medications initiative. She has two recent publications in the Joint Commission Journal on Quality and Patient Safety based on her work on these projects. Doris has held numerous faculty positions in area schools of nursing specializing in pediatric nursing and maintains her clinical practice as a Pediatric Nurse Practitioner in urgent care at a local HMO.
