

## Bio for Carole Lannon MD, MPH

Dr. Lannon is co-director of the Center for Health Care Quality and Professor of Pediatrics at the University of Cincinnati. She is part of the Steering Committee of the Ohio Child Health Improvement Partnership (OCHIP), working collaboratively with the Ohio Department of Health, Ohio Department of Job and Family Services, the Ohio Chapter of the American Academy of Pediatrics, and the American Academy of Family Medicine. OCHIP is currently undertaking quality improvement activities to improve autism and developmental screening, reduce late preterm scheduled deliveries, eliminate catheter associated bloodstream infections in neonatal intensive care units, and implement community strategies for the prevention and treatment of childhood obesity.
