

Sue Leavitt Gullo, RNC, BSN, MS is currently the Managing Director for the Institute for Healthcare Improvement (IHI). Sue brings twenty seven years of healthcare experience to her current roles which include work in IMPACT's Perinatal and Leadership Communities, director of the 1000 Lives Campaign in Wales (UK), and patient safety faculty.

Prior to joining IHI full time, Ms. Gullo was a Director of Women's Services and her nursing roles included experience in frontline areas of maternal-child health, oncology and medical-surgical nursing. Ms. Gullo has also been active as a national expert in obstetrical care both from a consulting and presenter background. Her involvement with IHI dates back to 1995 as a participant in the IHI Breakthrough Series on Improving Maternal and Neonatal Outcomes and continued as IHI Faculty for the next 10 years.
