Use the space below to provide a brief bio describing professional experience or areas of expertise related to involvement in continuing education and particular role, e.g., planner, presenter, administrator, etc.

Renee M. Turchi, MD, MPH

After completing undergraduate work at Cornell University and medical school at Medical College of Pennsylvania, Renee completed residency and chief residency at St. Christopher's Hospital for Children in Philadelphia. Subsequently, she attended the Robert Wood Johnson Clinical Scholars Program at Johns Hopkins University where she conferred her Masters in Public Health.

Her research and clinical work focus on children and youth with special health care needs (CYSHCN). Renee is faculty at Drexel University School of Public Health and Drexel University College of Medicine. In addition, she is the Director of the Pennsylvania Medical Home Program (EPIC IC), a statewide quality improvement program for pediatric practices across Pennsylvania. Renee is Medical Director of Special Programs at St. Christopher's Hospital for Children, where she oversees grants and program development and practices. Her research and clinical work around care coordination and children with special health care needs have been presented and published in multiple national forums.
