

CODING AND REIMBURSEMENT FOR CHILDREN WITH ABNORMAL WEIGHT GAIN IN PRIMARY CARE

**CPT Evaluation and Management Codes
Office or Other Outpatient Services/Consultations**

Complexity	New Consults (MD Referred ONLY)		Initial Outpatient Visit		Returns		Prolonged Physician Service (re-checking & re-evaluating)	Care Plan Oversight Services (only to be filled once a month)
1 (lowest)	99241		99201		99211		99354X1	99374
2	99242	99243	99202	99203	99212	99213	99354X1 and 99355X1	99375
3	99243	99244	99203	99204	99213	99214	99354X1 and 99355X2	
4	99244	99245	99204	99205	99214	99215	99354X1 and 99355X3	
5(highest)	99245		99205		99215			

ICD-9-CM Codes

DIAGNOSIS (up to 4)			
Sleep		521.0	Dental caries
780.50	Sleep disturbances unspecified	530.0	Esophagitis unspecified
780.51	Insomnia with sleep apnea		Respiratory system
780.53	Hypersomnia with sleep apnea	786.00	Respiratory abnormality unspecified
780.54	Other Hypersomnia	786.01	Hyperventilation
Nutrition and Metabolism		786.02	Orthopnea
779.3	Feeding problems in newborn	786.09	Other (apnea, resp. distress)
781.21	Loss of weight	786.1	Stridor
783.0	Anorexia (not nervosa)	786.7	Abnormal chest sounds (frictions, rales)
783.1	Abnormal weight gain	786.05	Shortness of breath
783.2	Abnormal loss of weight		Dermatological conditions
783.3	Feeding difficulties and mismanagement	691	Atopic dermatitis
783.22	Underweight	693.1	Dermatitis due to food
783.40	Lack of expected normal Physiological development	701.2	Acquired acanthosis nigricans
783.41	Failure to thrive	695.89	Erythema intertrigo
783.43	Short stature		Cardiovascular system
783.5	Polydipsia	785.0	Tachycardia unspecified
783.6	Polyphagia (excessive eating)	785.2	Undiagnosed cardiac murmurs
783.9	Other symptoms concerning nutrition met. and devel.	785.6	Enlargement of lymph nodes
		404.9	Hypertension
			Artificial opening status (excludes attention or management)
Vitamins and minerals deficiencies		V44.0	Tracheostomy
268	Vitamin D deficiency	V44.1	Gastrostomy
268.0	Rickets active	V44.2	Ileostomy
268.1	Rickets late effect	V55.1	Gastrostomy
272.9	Unspecified disorder of lipid metabolism		Neurological/Mental disorders
280	Iron deficiency anemia	314.00	Attention deficit disorder without hyperactivity
Digestive system		314.01	ADD with hyperactivity
564.0	Constipation	314.1	Hyperkinesia with developmental delay
787.01	Nausea with vomiting	315.9	Unspecified delay in development
787.02	Nausea alone	783.42	Delayed milestone
787.03	Vomiting alone	317	Mild mental retardation
530.11	Reflux esophagitis	318.0	Moderate mental retardation
787.2	Dysphagia (difficulties swallowing)	343.9	Infantile cerebral palsy, unspecified
787.3	Flatulence, eructation and gas pain	345.0	Epilepsy
787.6	Incontinence of feces		Endocrine system
787.7	Abnormal feces	250.0	Diabetes unspecified
787.91	Diarrhea	250.00	Diabetes type II
565.0	Anal fissure	250.02	Diabetes type I
579.9	Unspecified intestinal malabsorption	243	Congenital hypothyroidism
789.0	Abdominal pain	244	Acquired hypothyroidism
536.8	Dyspnea and other disorders	244.9	Unspecified hypothyroidism
520.6	Disturbances in tooth eruption	256.4	Polycystic ovaries
530.81	Gastroesophageal Reflux		Syndromes
		758.0	Down syndrome
General symptoms		759.81	Prader-Willi syndrome
381.4	Nonsuppurative otitis media	759.82	Marfan syndrome
382.00	Acute suppurative otitis media	759.83	Fragile X syndrome
460	Acute nasopharyngitis (cold)	759.89	Other: Lawrence-Moon-Biedl
780.6	Fever		Other
307.6	Enuresis	V65.41	Exercise counseling
520.7	Teething syndrome	36415	Venous blood draw (on-site)
