

## Careers

## Join Team NICHQ

We are an energetic team of skilled, passionate and highly engaged experts and advisors who thrive on teamwork and build strong and lasting partnerships to achieve dramatic changes in children's health. We create a vibrant and inspiring environment to achieve our mission. As an independent non-profit, we seek outstanding people who share our passion and work with integrity to bring innovative solutions to help children and families live healthier lives. If that sounds like you, please check out our current job openings, and contact us today.

**The National Institute for Children's Health Quality (NICHQ) is a mission-driven nonprofit dedicated to driving dramatic and sustainable improvements in the complex issues facing children's health. We provide deep expertise in building and managing effective change strategies that align partners and engage participants to achieve better outcomes**

## for children's health.

At the heart of what motivates us is the belief that children and families deserve better systems and supports so that every child achieves their optimal health. **Because of this belief, addressing social determinants of health, eliminating health disparities, and achieving equity are central to our mission.** We believe that by creating a culture of diversity, equity and inclusion, we will similarly foster greater strength and resilience within and beyond the organization.

*In addition to a supportive, flexible professional environment that balances hard work with a fun culture, NICHQ employees are eligible for a robust benefit package, including generous paid vacation, holiday plans, medical, and dental benefits with generous cost-sharing ratios between the employee and NICHQ.*

## CURRENT OPPORTUNITIES

### Manager, Technology Solutions

The Technology Solutions Manager collaborates with internal and external users of NICHQ's Collaboratory data platform (CoLab) across the organization and drives the identification, development, and ongoing maintenance of technology products and services. In addition to leading technology implementation teams in the development of solutions that address both business and project-specific customer needs, the Technology Solutions Manager will ensure adopted or developed technologies adhere to the requirements of Federal information security frameworks and that operational systems, policies, and procedures are aligned with the strategic plan and advance NICHQ's programmatic impact.
